## **Outpost Natural Foods Selects SCI's FOOD-TRAK® System for Food and Beverage Management Solution**

**Scottsdale, AZ** – May 10, 2010. System Concepts, Inc. (SCI), an industry leader in food and beverage cost control software and consulting announced today that Outpost Natural Foods, an award-winning specialty grocer has implemented FOOD-TRAK as its food and beverage management solution.

"We selected the FOOD-TRAK system to address the growing needs of our food service and bakery business, which includes a production and supply stream to our three store locations along with our wholesale accounts. The service team at SCI met with us and answered all of our questions. In addition, we attended the training Boot Camp prior to purchasing the system, which confirmed it would successfully meet our production needs", stated Pam Mehnert, General Manager of Outpost Natural Foods.

"We welcome this opportunity to work with the Outpost Natural Foods team," said Bill Schwartz, CEO of System Concepts, Inc. "and help them achieve maximum food and beverage cost control and efficiencies in their growing operation."

Outpost Natural Foods is a locally owned cooperative operating three retail locations in the greater Milwaukee, Wisconsin area. They offer a wide range of locally grown organic and natural foods and take pride in their purpose to create a healthy, diverse and sustainable community.
