

FOR IMMEDIATE RELEASE

**System Concepts, Inc. Announces
the Appointment of Stephen Henry to the FOOD-TRAK[®] Sales Team**

SCOTTSDALE, AZ; April 27, 2011 – System Concepts, Inc. (SCI), a leading provider of food and beverage inventory and procurement software solutions has named Stephen Henry as Sales Manager. SCI is the developer of FOOD-TRAK[®], a best of class suite of cost control and management applications designed for the hospitality food and beverage industry.

In his role with SCI, Mr. Henry will be working with key gaming, club, and lodging industry clients across the United States and Canada to expand sales efforts and address both enterprise and mid-market technology demands.

"The expansion of our market focus and product capabilities will further strengthen our ability to meet the needs of our clients," noted Bill Schwartz, CEO of System Concepts, Inc. "We are excited to have the comprehensive back office system knowledge and expertise Steve brings in the hospitality marketplace and look forward to continuing our sales expansion".

Mr. Henry brings over 25 years of hospitality automation experience to SCI/FOOD-TRAK including former positions as: National Sales Manager for Eatec Corporation, now owned by Agilysys Inc., President of Fasfax Corporation, a manufacturer and worldwide distributor of Point-of-Sale Systems for the QSR restaurant industry and President/Founder of HMS Inc., a certified and Tier 1 reseller of Restaurant Management and Control Systems (ReMACS) and RealWord/Great Plains Accounting Systems.
